

STRENGTH
AND QUALITY
THAT STAND OUT

With over **40 years of experience in the market** as plasticbag manufacturers, we've earned the trust of leading businesses in the **commercial, industrial, and mining sectors**, both locally and internationally, thanks to our consistent **performance and commitment** to our clients.

We deliver all our products on time, consistently surpassing the quality standards required for each project. This has driven significant growth and development for us.

Reliable packaging. Right on time.

Our certificates.

Good Manufacturing Practices

Hazard Analysis and Critical Control Points (HACCP)

Biobreak.
The breath of
the planet.

SECTOR

INDUSTRIAL SECTOR

INDUSTRIAL

Polyethylene Roll

Durable, cost-effective protection

Engineered to guard against dust, dirt, and humidity. Ideal for covering machinery, warehouse equipment, pallets, and construction material. An efficient alternative to high-cost textile coverings.

Packing List Bags

(Custom-made)

Durable, secure protection

Engineered from 2-mil polyethylene, providing reliable protection against handling while effectively safeguarding documents.

Honeycomb Sheet

(Custom-made)

High-strength industrial protection

Engineered for heavy-duty packing applications. Ideal for securing high-weight items, supporting loads up to 2,500 lbs. Placed flat between pallets to provide stability and protection.

**Our portfolio includes
biodegradable products.**

Packaging Bags

(Custom-made)

Guaranteed strength and reliability

Engineered from 100% virgin, high-quality polyethylene, ensuring superior purity, durability, and uniformity in every piece.

Corner Guards

(Custom-made)

Durable surface protection

Designed to safeguard pallet surfaces against damage from dust, dirt, and humidity during transport or storage.

Corrugated Cardboard Box

(custom made)

easy to build and resistant

ideal for packing items.

**Our portfolio includes
biodegradable products.**

Pallet
(Custom-made)

Durable, long-lasting performance
Constructed from solid, high-quality wood, ensuring strength and extended service life. Designed to be stackable and reusable, optimizing space and investment.

Stretch Film
(Manual and Automatic)

High-performance, heavy-duty protection
Easy to use and engineered for superior strength. Resistant to water, punctures, and built for rough use.

**Our portfolio includes
biodegradable products.**

SECTOR

MINING SECTOR

MINERO

Gas Bags

(Blasting)

(Custom-made)

High strength and safe performance

Manufactured from high-strength, durable materials, ensuring structural integrity under extreme pressure and temperature conditions.

Bag with Strap

(Custom-made)

Designed for fast, secure, and strong closure

Made from durable materials, they ensure protection against dust, humidity, and handling during storage and shipping.

Drill Hole Bag

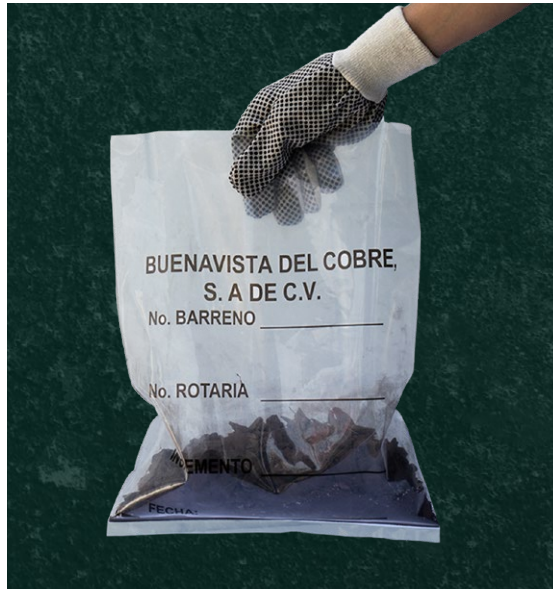

(Blasting)

Durable and reliable protection

Designed to provide safe and efficient containment in mining, construction, and controlled blasting applications.

**Our portfolio includes
biodegradable products.**

Sterile Sampling Bags

(With or without printing)

Ensured sample integrity and purity

Engineered to maintain the integrity and purity of samples for laboratory, chemical, environmental, and food industry applications.

Super Sacks

Maximum capacity and heavy-duty strength

Engineered from high-tenacity polypropylene fabrics, providing superior resistance to abrasion, tearing, and harsh weather conditions.

Corrugated plastic

(Customizable with your logo)

Rigid, ergonomic core handling

Engineered with a sturdy structure and ergonomic design to ensure easy handling and efficient organization of cores, facilitating inspection and analysis.

Our portfolio includes biodegradable products.

SECTOR

COMERCIAL SECTOR

COMERCIAL

Ice Bag 3.6 KG
(Custom-made)

Durable, hygienic, and safe cold storage

Engineered from high-strength polyethylene, ideal for packaging, storing, and distributing ice safely and efficiently.

Ice Bag 10 KG
(Custom-made)

Hygienic and safe packaging

Engineered from high-quality materials to ensure safe, hygienic packaging suitable for direct contact with food.

Ice Bag 5 KG
(Custom-made)

***Designed for low temperatures
and heavy-duty handling***

Engineered to withstand cold storage conditions and rough use, ensuring durability and reliability.

**Our portfolio includes
biodegradable products.**

Vegetable Bag
(Custom-made)

Freshness, ventilation, and durability

Engineered to maintain the freshness and quality of fruits and vegetables during storage and transportation, providing an ideal solution for produce handling.

Commercial Bag
(Customizable with your logo)

Presentation, durability, and functionality

Engineered from high-strength materials, designed to withstand daily use without compromising appearance or performance, making it ideal for business applications..

**Our portfolio includes
biodegradable products.**

**Nationwide shipping
for all your industrial
needs.**
